**Subject: - Expressing gratitude for allowing to conduct Hearing Health Awareness Camp with Abhilasha Foundation at kandivali West on 13/1/2023**

Dear Ma'am,

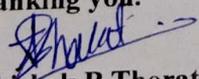

As it is rightly said, 'Knowledge has no value unless you use and share it', Conducting a Awareness Camp with your organization was an enriching experience for us.

We are grateful for the opportunity given to us, for sharing our knowledge, experience and possible interventions for hearing loss. We hope the awareness camp and our service was useful and benefitted to all the parents who attended the session.

We at Montfort Care look forward to conducting many more such Sessions in the future. Furthering the good work, we wish to organize a free awareness camp in your organization; we would be pleased to provide the details of the same.

Hoping for more prolific engagements in future.

Thanking you.

  
Abhishek B. Thorat  
Program social worker
